Awards

Ribbons will be awarded for 1st through 3rd in each jump height of each class. Qualifying ribbons will be awarded to all dogs receiving a qualifying score. Dogs may receive placement ribbons without qualifying.

Fast track dogs will only get qualifying ribbons at the Beginners/Games I and Intermediate/Games II levels. One High in Trial will be offered each day to one dog/handler team that competes in all classes per day. HIT to be determined by highest score, then fastest time if score is tied.

Move-Ups

Pre-entry move-ups requests must be in writing but may be sent via email to the trial secretary at loriharmanp@hotmail.com at least 24 hours prior to the trial. Move-ups will be accepted each day from event to event.

Height Divisions

Owners are responsible for entering their dog in the proper height division. Judges reserve the right to measure dogs entered in any trial. At the handler's option, dogs may be entered in any height division. Dogs that run in a height division higher than their measured division will be scored in the higher jump height division (ex: if your dog is measured into the 12" division and you jump 16" at a TDAA trial you will be competing with 16" dogs for placements). Dogs that run in a height division lower than their proper division will be scored with dogs of their measured height. Height divisions are as follows:

Dog's measurement at the withers	Regular	Veterans	With Jump Height Exemption	Veterans plus Jump Height Exemption
4" and under	2"	2"	2"	2"
4.01" to 8"	4"	2"	2"	2"
8.01" to 12"	8"	4"	4"	2"
12.01" to 16"	12"	8"	8"	4"
16.01" to 20"	16"	12"	12"	8"

Note: It is no longer necessary to present a jump height card when entering a TDAA trial.

A dog's owner or handler may enter a dog at any jump height desired. Dogs jumping at a height other than their measured height will earn qualifying legs and all TDAA titles. A dog may enter a trial at only one jump height.

Dogs given a jump height exemption will be able to earn qualifying legs and all TDAA titles. Dogs with a jump height exemption, including veterans, compete against dogs in the height class they measure into based on wither height.

Long-backed dogs – Based on the measurement of the dog from the front of the chest to the back of the rear compared to the dog's wither height. The dog's length must be 150% or greater than their height to qualify for this exemption.

Weight to length provision – (by structure, not obesity) This exemption should be limited to certain breeds that have a propensity for weight that is greater than their height if you compare pounds to inches.

Dwarfish legs/deep chest – Granted to dogs whose leg to shoulder height ratio is 1/3 or less of the dog's overall height. Based on the dog's wither height when that height is 150% or greater than the measurement of the space from floor to chest.

Veteran dogs – A jump height exemption granted to dogs of at least 7 years of age. Veteran dogs receive an extension for Standard course times. 4" veterans receive an additional 4 seconds while 8", 12" and 16" veterans receive an additional 2 seconds.

Disabled Handlers – Handlers who have been given handicap status by their home state will be granted a time exemption of 4 seconds for Standard course times and 4 seconds for Qualifying course times for time-based games classes. See TDAA rules for additional information. This additional time is in addition to any exemption given to the handler's dog due to Veteran status. Proof of disability shall be a copy of the handler's disabled parking tag or official documentation provided with the entry or presented at check-in.

There will be no special system of titling for veteran dogs or for disabled handlers.

Fast Track Program

Titles may be grandfathered from other organizations on a "Fast Track" basis. A dog with a higher title from another organization may move up on the same day to the next level of TDAA competition with a qualifying score but no higher than the comparable level. **You must submit a copy of certificates from the organization in which the higher level title was earned for each dog.**

A dog eligible for Fast Tracking may only move up one class at a time and not skip over a class whether or not they met the criteria for a higher class in the first test. A dog moving up on the Fast Track will not be eligible for placement within the class that he received the qualifying score and will not earn a title or receive a title certificate for that level.

Please mark the classes that apply on the Trial Entry form and submit an additional \$8.00 with your entry (payable to IPOC). Payment of this fee is no guarantee that your dog will qualify at the lower level (though he will have multiple chances at each), and is non-refundable. The Fast Track fee must be paid for this trial even if it was paid for a previous trial.

Obstacles

The following is a list of obstacles to be used:

A-frame (9', slatted)	Open (Pipe) Tunnel (24" diameter)	Table (35" x 35")
Closed Tunnel (24" diameter, 6' chute)	Single and winged jumps	Tire Jump (24" opening)
Dog Walk (12' planks, slatted)	Teeter (12' plank, no slats)	Weave poles (24" separation)

All obstacles meet the larger size of TDAA equipment requirements.

Notice to Exhibitors

The safety of the dogs is our primary concern. By entering this trial, exhibitors acknowledge that they are familiar with the rules and regulations of this sport, and that their dogs are familiar with and able to perform all obstacles safely.

All dogs must be on leash or crated at all times except when in the ring or when in designated areas, e.g., the warm-up area and the designated off leash area.

It is expressly understood that exhibitors alone are responsible for the behavior of their dog(s) and/or children. Any exhibitor whose dog(s) and/or children create unnecessary disturbances or repeatedly engage in unsafe or disruptive behavior may, at the discretion of the show committee, be asked to leave the show site. In such case, no refund of any fees paid will be made.

Food and toys are not permitted in the course area and handlers are not allowed to use whistles or other instruments or devices.

Exhibitors are responsible for being at the ring gate when it is their turn to run.

Exhibitors may wear shirts or insignia of their training group if they wish.

At the handler's option, the dog may wear a flat (buckle or quick release) collar with or without tags or wear adornments, clothing, ties or other attachments. Choke collars, pinch collars, electric and dummy electric collars are prohibited.

Unsportsmanlike conduct, including rough handling or misconduct of any kind, will result in an excusal from the ring. Teacup Dogs Agility Association Rules can be obtained online in the form of a PDF file at www.k9TDAA.com.

Obstacles shall meet the specifications for obstacles in the current edition of the Regulations for Agility Trials.

Exhibitors who do not clean up after their dog will be subject to dismissal with no refund of their entry fees.

No dogs shall be left at the trial site overnight.

TDAA and Imperial Polk Obedience Club are not responsible for loss, accidents or theft. Absolutely no alcoholic beverages or un-prescribed drugs will be allowed on the grounds or in the building the day of a TDAA event.

WANTED! Volunteer Sign Up

Volunteers are the backbone of any agility trial. By its very nature TDAA is small. Small dogs, small equipment, small trials, and a small number of handlers. We can use everyone's help—even for a short period. Please sign up to volunteer to work during classes you are not running in.

If you aren't sure how to do a job—we'll be happy to train you! We will make sure you get adequate time to warm up your dog and do your walkthrough. We want everyone to have a pleasant experience running in TDAA while at the same time helping to make the trial run smoothly.

Class Information

Standard Classes

Beginner – All dogs shall be eligible for participation in this class. There shall be no grandfathering of titles from another organization.

Intermediate – Dogs that have earned the Teacup Beginner Agility Dog (TBAD) or that have satisfied the appropriate Fast Track requirement shall be eligible for participation in this class.

Superior – Dogs that have earned the Teacup Intermediate Agility Dog (TIAD) or that have satisfied the appropriate Fast Track requirement shall be eligible for participation in this class.

FEO (For Exhibition Only) – FEO runs are open to any TDAA registered dog in any class. These are offered at the option of the local/host club. FEO dogs will run last at their jump heights. They may run on lead. FEO runs do not count toward TDAA titles. No treats or food allowed. FEO will have a maximum time of 1.5 times the SCT. FEO participants cannot repeat any obstacles; no training is permitted in the ring.

Games Classes

Games I – All dogs shall be eligible for participation in this class. There shall be no grandfathering of titles from other organizations

Games II – Only dogs that have earned the Games I (TG1) or that have satisfied the appropriate Fast Track requirement shall be eligible for participation in this class.

Games III – Only dogs that have earned the Games II (TG2) or Games III (TG3) or that have satisfied the appropriate Fast Track requirement shall be eligible for participation in this class.

Games Class Descriptions

The following are some brief descriptions of the games offered at this trial. We encourage you to enter the games classes even if they seem unfamiliar to you – we are sure that you will have lots of fun!

Judge's briefing on day of trial supersedes any previous briefings. The judge will provide a thorough briefing to exhibitors and hard copies of the complete rules and qualifying requirements will be available. Example briefings are available on TDAA's Web site at www.k9tdaa.com.

Power & Speed – A two-part game where in the first part [Power] the dog will run an un-timed sequence of mostly technical obstacles; and in the second part [Speed] the dog will run a timed jumpers course. Both parts must be completed within the time limit of 2 minutes to qualify. Scored time plus faults, with the lowest score being the winner.

Near & Far – The game's objective is to complete the course as numbered. At two specified places the dog will go ahead to perform obstacles while the handler remains behind a containment line. Crossing the containment line will result in a fault. Scored faults then time, with the lowest score being the winner.

Connect the Dots – A dog's choice point accumulation game where the objective is to handle the dog from dot to dot (the contact obstacles) scoring points on all other obstacles in between. Points for the "in between" obstacles are always at risk, as they'll be lost in case of any fault since the last "dot". Scored Points, then Time.

Tunnel Vision – A game played on a course consisting of mostly tunnels, and jumps. The obstacles must be taken in the numerical order specified by the judge with three caveats: all obstacles can be taken in either direction, each clump of tunnels may be performed in any order and in any direction - so long as each tunnel is ultimately performed, the handler must remain behind the containment line for each group of tunnels. Scored points, minus faults, then time.

Beat the Clock – The objective of this game is for the team to perform the clock of obstacles (four numbered clusters) in order before time runs out. The handler must direct the dog through the tire at the center of the clock prior to beginning each quarter of the obstacles on the clock. Scored points then time, with the highest score being the winner.
